

#### Sexual Assault Prevention & Compliance Task Force

The following priorities list are the results of the strategic planning session of the Western New York Higher Education Consortium's Sexual Assault Prevention and Compliance (SAAPC) Task Force held in the summer of 2016. Each member of the task force was asked to vote for their top six priorities, and the votes were coded to allow us to create rankings based upon size and type of institution, as applicable, in addition to our comprehensive ranking. This following list of priorities are ranked by the number of votes received and represent the input of the entire task force.

## Mission of SAAPC Task Force

We are committed to preventing sexual violence through educational interventions and effective processes. We seek to support the campus community holistically by creating an environment of enlightened dialogue and providing opportunities to share in best practices and resources, as well as current legislation and legal decisions.

#### Awareness and Prevention Vision Statement

To serve as a community based educational convener that is dedicated to creating opportunities and resources that will engage the WNY Consortium of Higher Education and the larger Western New York community in an ongoing dialogue about sexual violence awareness and prevention.

## **Compliance Vision Statement**

Through the sharing of pertinent resources, documents, and appropriate government and legal guidance, the Compliance committee will ensure that administrators have the proper information and tools to modify policies and procedures. We envision being able to share professional staff, documents, processes, and other best practices so as to protect campuses and students alike.

# **Collective Task Force Priorities**

- 1. **Develop** comprehensive prevention plans that include robust, multi-tiered education at all levels of higher education, provided regularly throughout faculty, staff and student's tenure.
- 2. **Provide** comprehensive training on all aspects of sexual violence for campus administrators; campus law enforcement; health and counseling staff; faculty; staff; and student leaders that includes the dynamics of sexual violence, access to care, victim response, and federal/state statutes.
- 3. **Develop** a coordinated, seamless, victim-centered response service between campus and community resources that offer options.
- 4. Sharing lessons learned: all local institutions should dedicate staff time to participating in regional consortium efforts.
- 5. **Develop** a policy statement and directive from the president/chancellor of the institution that demonstrates recognition of sexual violence as a problem, a commitment to reduce its occurrence, and action steps for the campus community.
- 6. Educate disciplinary boards on non-stranger assaults, perpetrator patterns and possible victim responses (neurobiology of trauma) patterns.
- 7. Prevention programing, including online training, should be mandated for all students and employees.
- 8. A detailed plan for prevention programming should be developed based on the specific needs and strengths of the institution, with a clear process and timetable for implementation.
- 9. **Incorporate** title IX language, key resources, and information on accommodations into syllabus statement required school-wide.
- 10. **Revise**, enforce and widely distribute disciplinary regulations in the student code that demonstrates an intolerance of all forms of sexual violence and implement sanctions for violations by faculty, staff and students.
- 11. **Institutions** should employ highly-qualified prevention professionals by identifying key skill sets, promoting diversity in hiring, maintaining the stability and morale of staff positions and providing ongoing training.
- 12. **Institutions** should identify, develop and enhance productive partnerships, aligning with the values and interests of campus stakeholders, local community groups, state and national organizations in order to develop a shared vision for prevention.
- 13. Campuses should have a dedicated, easy access website for prevention.
- 14. **Policies** regarding alcohol, drugs and sexual misconduct should be regularly reviewed, revised, distributed and enforced.
- 15. **Regularly** market the availability of protocols on campus websites for all campus members to access resources, referrals, and helping strategies for victims of sexual violence.
- 16. Integrate sexual violence prevention education into curricular and non-curricular activities.
- 17. **Policies**, procedures and resource information should be widely promoted and accessible. The information should be clear and factual.
- 18. Research and assessment should be prioritized, planned and enacted. The research should be supported, funded, programs should be tracked and improved with data and the findings widely disseminated, using data to better understand sexual violence and student needs.

## Upcoming Event

SAAPC Training Seminar on March 9<sup>th</sup> at Hilbert College Featuring Joseph Storch, Associate Counsel, SUNY, and Panel Discussion on Lessons Learned from Recent OCR Findings
